

Welcome to the Beauty Box

Established in 1996 the Beauty Box aims to be a truly personal beauty room, where each client is guaranteed completely individual and confidential treatment in very relaxed surroundings.

Each initial treatment will be preceded by a complimentary consultation and clients should feel free to ask questions at any time. Please allow for this extra time when booking initial treatments. (Given times are approximate.)

I hope you will enjoy your visits to the Beauty Box and will continue to feel the full benefits between treatments. Products used can be purchased for home use to complement your salon treatment.

If you are not happy with your treatment, please tell me. If you are happy, please tell your friends.

Exfoliation and moisturising 24 hours in advance are essential for this treatment to be successful. The tan requires 8 - 12 hours to develop fully and will last 5 - 7 days, gradually fading evenly. I have a choice of colours which can be chosen to suit your particular skin type for maximum satisfaction. Please ask for further details.

Body Polishing

(Incorporating Essential Oils for added luxury and benefit).

Body polishing is a very useful aid to removing dead skin and stimulating new skin by cleansing, exfoliating and moisturising. It is an excellent treatment prior to a spray tan, ensuring the tan takes even better and lasts longer.

| Legs or Back only | £ 18.00 |

Aromatherapy

At its simplest level, it can be used to simply relax the body or mind, but it can also be added to baths, body lotions, hand creams etc. to help alleviate certain symptoms. I am happy to discuss your various needs and make up any product which may be beneficial.
